

What is an Amoozometer?

The Compact Constant Head Permeameter, also known as the **Amoozometer**, is a revolutionary piece of field equipment that provides the means to collect data for determining in-situ saturated hydraulic conductivity (Ksat) of the vadose (unsaturated) zone easily and conveniently. The procedure is known as: Constant Head Well Permeameter Technique, Shallow Well Pump-in Method, or Borehole Infiltration Test. The method has been described in detail in three of the Soil Science Society of America Monographs, including the second edition of the Methods of Soil Analysis.

“Measuring Water Movement in Soil Via a Compact Constant Head Permeameter” Workshop

Friday, October 2, 2015
9:00 a.m. - 4:15 p.m.

Epsom Fire Department
Epsom, NH

Measuring Water Movement in Soil Via a Compact Constant Head Permeameter

Agenda

- 9:00 Introduction
Topics include: NH soils and WebSoil Survey
Presenter: Karen Dudley, NRCS
- 9:30 Alteration of Terrain
Topics include: infiltration testing, soil mapping, stormwater treatment technologies, channel and flood protection, groundwater recharge and permitting requirements.
Presenter: Amy C. Clark, PE, NHDES Alteration of Terrain Program
- 10:30 Break
- 10:45 Introduction to the Compact Constant Head Permeameter (a.k.a. Amoozemeter).
An introduction to the data, how to collect it, and how to interpret it.
Presenter: Karen Dudley, NRCS
- 11:30 Lunch and Travel to Field Site
- 12:15 Amoozemeter Field Work with Karen Dudley.

Agenda Continued

- 3:30 Data Overview
Participants will return to the classroom to analyze and interpret the data they collected in the field.
- 4:00 Wrap-up
Final questions

CEUS available for this course, please check your certifying agency.

Registration Form

Please detach and this return form by
Wednesday, September 23rd.

Make check payable to:

Merrimack CCD

10 Ferry Street, Suite 211
Concord, NH 03301-5081

\$45.00 per person.

*Please bring your own bagged lunch.
Coffee and donuts will be provided in the morning.*

A reminder e-mail or letter with directions will be sent to you the week before the workshop.
